

## The First Three!

FIRST of the American Army—they died in France! Gresham! Enright! Hay! They died for us. And willingly. But not, pray God, in vain.

For the sake of them, if for no other reason, will you not give to the Red Cross which will care for the men that follow them?

For the sake of what they died for, will you not give—and give till the heart says stop?

None of us here can give as greatly as they gave and as others are yet to give. But can we not sacrifice ourselves a little? Will you take a little from the comforts of your life and give, not a mere "conscience gift" that saves your pride and lets you say to yourself: "I have given to the Red Cross"—but a gift that cuts down into the quick and hurts because it makes you deny yourself? One hundred million dollars is needed now.

Remember—they gave till they died! Of them we asked their lives; of you only money. Millions of Americans will pledge a part of each month's earnings during June, July, August and Sept.

What Will You Do To Help?  
Red Cross 2nd War Fund May 20-27

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

## E. R. GENTRY Tells of His VOYAGE

Somewhere in the Atlantic  
April 7, 1918.

Editor of Mt. Vernon Signal,  
Mt. Vernon, Ky.

Dear Edgar:—

We are closing our eighth day out of New York and I suppose all has happened on this voyage that is likely to happen, or if anything else happens, I may not be left to tell it and this letter will never reach you so I thought the readers of the Signal might be interested in a description of a voyage across the Atlantic in these war times. It is now 12 o'clock and I have just had my dinner, but of course you are about now having your breakfast or possibly your morning cocoa cola at Robert Harry's.

On Thursday night March 28th we received word at Princeton that we were to be aboard the Kochambeau, one of the large passenger ships of the French line by 3 o'clock Saturday March 30th. We rushed back to New York on Friday morning and began to get ready and with scarcely time to eat or sleep we presented our selves at the boat as directed. It was some hustling getting aboard. You know you do not check baggage on a ship and while there are lots of porters, you

must see for yourself that your trunk and other baggage is safely on board and in your state room. It was possibly three thirty when Mr. Vane, the man who came with me from Camp Taylor, and I got settled in our stateroom. We settled down with visions of possibly lying there for hours and stealing out in the darkness of the night, but not so. By four o'clock we were moving. And we, Y. M. C. A. men were in U. S. uniform, we were not allowed to make our selves seen until we were out of sight of land. You may guess at the reason why. This letter will not be censored, but there are some things which I do not feel like telling, even though it does not have to pass the censor. We could look from the windows as we dropped quietly down the bay, away from the pier and there was marked difference between our departure and the one time departure of such a ship. No crowd on the wharf to say good bye, in fact no one except those actually sailing were allowed closer than the street. No waving of handkerchiefs and tossing of hats in the air. All was very quiet as we drifted down by the Statue of Liberty and many points of interest; passed the fort at the mouth of the bay from which a farewell salute was given us from one of the cannons planted there, and out to sea. At first we were towed by another boat

and then we began to take our own steam and you could feel the pulsations of the mighty engines beneath us which was driving us from home, loved ones and native land, out into the mighty ocean, which was as new and strange to many of us as was war, battle, wrecked blood drenched land and people to which we go. There was a raw wind blowing, so soon after dark I went below and retired and had a pretty good night's rest. It was still cold Sunday. A typical Easter and you were uncomfortable on deck even with an overcoat, so I cannot say that I particularly enjoyed the day. In the afternoon we had an easter service in the big dining room which we all enjoyed very much. It was so beautiful in the afternoon that I walked the deck for a long time and it got much warmer. We must have gone pretty far south because Monday dawned bright and warm and the weather has been lovely ever since. Have not needed an overcoat. I have spent hours day and night walking the deck or sitting gazing out to sea and wondering and wondering and wondering at the vastness of this mighty deep as you gaze out over its surface, bedecked with "whitecaps" for miles and miles and realize that you are looking upon a mere dot of an "I" as compared with its length and breadth.

All is so different from such a

voyage as a large liner like this would have made one time. You see no gorgeous array of fashionable dressed women; no flashing of diamonds; no gay parties and receptions given, that the wealth and worldliness of the average tourist may be displayed. While it is not an unhappy party, it is a serious party and practically every person on board is going on a serious mission of some kind. Y.M.C.A. men and women; Red Cross nurses and doctors; Salvation Army workers; ambulance drivers; Frenchmen who have been living in our country volunteering for service in France; American, Canadian and French officers going or returning to the front; one hundred aviators for immediate service in France and another class of which I do not feel free to tell you. There are no blazing lights at night with music and dancing on deck as of old. On the contrary as soon as it is dark, every window and port hole from which a single ray of light might escape is closed and if you walk the deck as I often do, you do it in darkness. Not even smoking or lighting a match on deck at night I was even kindly asked by the guard to conceal my wrist watch which has a radium face. It makes you feel a little creepy to be on deck and feel that you are a part of this great, dark mass of steel, with its human freight of more than 1800 souls and that even beneath the waves lurks a deadly enemy seeking their destruction. The ship is equipped with a wireless outfit and we get a war bulletin every day, but very little other news. There are life boats everywhere and three guns, one at the front and two at the rear. There has so far seemed little need for any of them. Nothing like a submarine has been seen and the weather has been so calm and lovely that I have not even been seasick.

Yesterday we entered the war zone and things changed considerably. The Captain stays continually at his place now and has his meals carried to him. One year ago the 13th of this month this ship was attacked and a torpedo fired at her, but the Captain saw it coming and so maneuvered the vessel that it missed its mark. For this valuable service of captain and crew the passengers then on board presented a bronze statue, which now stand at the top of the stairway leading to the upper deck. The gunners are constantly at their post these last two days; the watchmen on the front and rear of the vessel have been doubled and a lookout has been stationed in the "crow's nest" on the mast high above the ship. The life boats are all prepared and instead of being on the boat, they are swinging at the side just above the promenade deck, ready to lower at a moments notice. We have all been drilled in just how to put on our life belts and the quickest way to reach the life boat has been assigned us. We had the opportunity to rent one of the life saving suits for the small sum of Five Dollars, but some one proposed that we go across, just as our soldiers go, with the ordinary life belt furnished by the vessel and nearly all the Y. men followed the suggestion. A great many of the passengers slept in their steamer chairs on deck last night, but my room mate, a fine Presbyterian minister, and I, after he had read a chapter from Romans and offered a word of prayer, went to bed in our stateroom and had a good nights rest and I am sure feeling better than if we had slept in our clothes on deck.

We will land at Bordeaux and ought to reach there by tomorrow evening or Tuesday morning and they tell us we are likely to land on the very pier from which Count Rochambeau sailed when he came to America to help us in our struggle for Freedom and this reminds me of the significant statement made to us at Princeton by Alfre Noyes, the great English poet. He said

the Revolutionary war was not a war by the English people, but was a war between the colonies on one side and a German King on the throne of England on the other side. We have always heard that the English people were in sympathy with us but that is putting it stronger than I ever heard it put before and especially by a man who knows. There are many, many things in this trip that interests me, but I do not want to make this letter too long. I will reach Paris on the 10th of this month if nothing happens and will soon have many more interesting things to write home and as long as your subscribers are interested I shall be glad to write. In my last letter to the Signal, I gave my Paris address wrong and want to correct it. I shall be very glad, even grateful for a letter from any of my friends, although I may not be able to write them all. My permanent address will be 41 Rue de Provence, Paris, France. I thought when I got on board that I would have so much time, I would write everybody, but not so. There are too many interesting things around. I have not even taken time to read. Why you can just look into the sea for a whole day and never tire.

With love to all,  
E. R. GENTRY.  
April 8, 1918.

P. S.

I must add a little post script to my letter written yesterday. This will be the last day I can mail a letter to return on this ship. Last night the Captain gave orders for everybody to sleep with their clothes on and keep their life belts close by. This created a good deal of nervousness, including a large share for myself so I went to bed early to see if I could sleep it off. I slept pretty good but woke up about three o'clock with a kind of feeling that I was being rolled down a hill on a barrel. I grabbed at the railing around my bunk and when well awake realized that we had encountered rough sea at last. The ship was rolling fiercely. I held on to my berth for an hour or more but no sleep so I got up. It was daylight by this time so I managed to get to the top of the stairway and looked out. About that time a big wave swept the upper deck, twenty five feet above the usual water line. I began to think there might be worse things than submarines, and wondered whether I was going to weather this gale without getting sea sick, but breakfast soon came on, and although our tables had sideboards to keep the dishes

### That's All I Can Spare

You're a regular, red-blooded, true-blue American. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're loyal—one hundred per cent!

You intend to—you want to—help win the war in a hurry.

"Sacrifice? Sure," you've been thinking, and you say "Just wait till you really need my money." And you've honestly thought that you meant that, too.

But look yourself in the eye, now, and search up and down inside your heart. Did you mean it? Did you really mean "sacrifice"?

Listen: You feel poor. This Third Liberty Loan, the high prices, the income tax, all make you think you've done your bit. You feel that you've given all you can spare.

What? Then what did you mean? What was it that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can spare.

What about our boys who are giving their lives in the trenches? Are they giving only what they can "spare"? How about those mothers and little children in the shell-wrecked towns of that war-swept hell, hungry, ragged, sobbing, alone—giving up their homes, their husbands, their fathers?

All this, while we over here, with our comforts and pleasures, hold up our heads and feel patriotic because we have given what? Just some loose bills off the top of our roll. "We've given all we can spare."

Come! Let's quit fooling our selves. Let us learn what "sacrifice" means. Let us begin now to give more than we can spare. Let us give to the Second Red Cross War Fund Drive until "the heart says stop."

It is to be regretted that some people have a misconception of the word Democracy which is being extensively used in connection with conditions of today. Many are under the impression that when the war is won the whole world will be turned over to the Democratic, political party. There is a movement on foot over the country to show these mistaken citizens the error into which they have fallen. A study of the word Democracy will show that it means the same as the famous words of Abraham Lincoln: "Of the people, by the people and for the people."

### LEADERSHIP OF TEACHERS

### And Use of the School House.

I wonder if the readers of Signal have ever given serious thought to the wonderful and lasting good that can be derived from the co-operation of our rural school teachers with the people of the community. We can all recall that as a child we looked up to our teachers as special authorities on all things worth while and there is no reason why this should not be. The mission of the teacher is a most commendable one and those who follow this vocation should so fit themselves that they will not only be a beacon light to the children but to the "grown-ups" as well. The successful teacher should lead in every movement for the

betterment and up lift of the community. Then of course the people should do their part to make the efforts of the teacher worth while. While we do not advocate that her interest be inspired by selfish motives, yet it is the duty of the patrons of the school to see that she is sufficiently compensated for her efforts. It will be money well spent, bearing interest ten fold in the brightness, happiness and prosperity it will bring to a community. Help her in making the school house and surroundings as attractive as possible. If need be, let the men and women lend the labor of their hands in making the necessary improvements. Think how much more alluring a nice, clean and attractive school room is to the pupil child. How much more they will love to attend their studies in a comfortably heated and well ventilated room. How much more progressive they will become. Instill in them while young the idea of seeking the best that can be had and thereby prevent them from settling in an old rut from which there is no outlet.

Then again the school house should be utilized as a center of meeting place in all movements looking toward the betterment of the community. The people meet there and discuss ways and means for the improvement of their farms and the manner and mode of bettering the live stock and crops, in fact all things looking toward the progress of our people. This has been tried successfully in many other communities and would prove most profitable and pleasant if put in to effect in our own community. Let's try it. Rockcastle is a wonderful country with stupendous possibilities if our people but arouse themselves to a greater and more harmonious effort for better farms, better churches, better schools, more attractive homes and more extensive business.

TABITHA HIATT.

### RED CROSS NOTES.

Since the Third Liberty Loan is over and sale of Bonds reached most Four Billion Dollars, everybody now knows that the people of the United States are united in helping win the war.

Now, the attention of the whole United States is turning to the Red Cross. A war fund of One Hundred Million Dollars is needed and must be raised by May 27th. Rockcastle county will raise Two Thousand and Five Hundred Dollars of this amount. At the Sale at Mt. Vernon, Monday, Three Hundred and Sixty-Four Dollars was raised. This was a fine showing, realizing that the arrangements and advertising were all made in three days. The Red Cross spirit was shown when two pounds of butter brought \$32.00; an egg brought \$7.00, and a \$5.00 bill sold for \$7.50.

But the real money raising must come May 20th to 27th, when more than \$2,000,000 must be raised by subscription. This is not buying bonds, it is giving to the war fund. Every dollar will go to relief of soldiers. Most of it will help among the wounded at the front. No nobler spirit could be shown than sending nurses, doctors and dressing to nurse our wounded boys back to health; to relieve their suffering, sending nurses to take the place of mother on the foreign battle field. It is the duty of all, not only those that have sons, brothers, nephews or cousins, in line for "over there," but every one in whose veins American blood flows or in whose hearts American patriotism burns, to get behind the great cause. We can't be slackers. Rockcastle county must come across and many who have not bought Bonds or War Saving Stamps, and have not subscribed to the Y. M. C. A. Fund, will be expected to be of materially help in the campaign.

Rockcastle County Chapter of American National Red Cross has procured the presence of Private Evans, who has been to the front and saw service with Pershing's men, been wounded and discharged from service on account of wounds. Private Evans will spend the day with us Monday, May 20th. Will speak at three points in the county.

### THE KAISER.

K stands for kicking,  
Something the Kaiser needs,  
And our boys will give the kicking  
For his many unkind deeds.

A stands for agony,  
That in jail he will receive,  
And he'll sure be thin and bony,  
When he gets a chance to leave.

I stands for incriminate,  
That will stare him in the face,  
And his soul God will exterminate  
For his lack of prayer and grace.

S stands for slaughter,  
That he's put upon the foe,  
But he'll be crying for some water,  
When he gets down below.

E stands for empire,  
That will be his no more,  
For we'll destroy it by fire,  
Right up to his very door.

R stands for rope,  
That will encircle his head,  
For its the right kind of dope,  
To made him good and dead.

Here's to the name of the Kaiser,  
May it soon be forgot,  
For no one will be any wiser,  
Whether he lives or not.

Here's to the little pine box,  
In which old Bill will stay,  
And we'll fasten him in with locks,  
To make sure he won't get away.

Here's to the day of his doom,  
Which we've planned, for many years,  
Yet, when we put him in the tomb,  
The world will shed no tears.

### FOOD ADMINISTRATION

The State Food Administration has asked me for the names of all parties having wheat in their possession. I know of several small lots of wheat, but I do not want to send in the names of the holders. I now make this last request of the owners of this wheat to sell it to the miller before I make my report to the State Administrator.

The merchant can sell as much as twenty-five pounds of sugar to customers who want to put up fruit by having the buyer sign a certificate that the sugar is to be used in putting up fruit. The merchant can get there certificates from the Signal office.

Our flour supply is now about 50 per cent. short of normal and will continue to grow shorter. The Government has ruled that each individual who is a consumer of flour must be limited to not more than 6 pounds per month. Some of us have been using less than this since the first of the year, and no loyal American will use more until after the harvest.

The Government has just ruled that the wholesale price on binder twine must not be more than 23c per pound. The retailer is not to add more than 2c per pound and his freight. Prices

higher than this will be subject to serious investigation.

### WAR TALKS

By UNCLE DAN

Number Five

Jimmie and a German Boy Clash—  
Must Do Three Things to Save  
Country.

It was a warm evening, so Uncle Dan went out to a lawn seat under the spreading branches of the great tree that suggested the farm's name of Oak Hill. Billie and Jimmie had been laying for him, so Uncle Dan was captured by the boys on short order.

"Say, Uncle Dan," Billie began. "We had a red-hot argument at school yesterday with Carl Newman. Carl said that German schools were miles ahead of our schools and that no one could come up to the educated German. Well, Jimmie got hot under the collar and handed it back to him good and plenty. Jimmie said if their education taught them to torpedo Lusitanias, sink hospital ships, murder hundreds of women and children, make slaves of the Belgians, poison wells, destroy fruit trees and commit all sorts of crimes, then we did not want that kind of education here. What do you think about it, Uncle Dan? I told Jimmie you spent a lot of time in Europe and knew all about schools, so give us your opinion."

"Well," replied Uncle Dan, deliberately. "The German schools are very thorough; they furnish exceedingly valuable and practical instruction. The industrial training given there is probably the best to be found. The schools as a whole, however, in my opinion, appeal to the head only, and never to the heart. The aim and trend is to make the individual blindly submissive to the Prussian plan of world domination; they teach that it is the destiny of Germany to rule the world, and that to the glory and advance of Germany, in this plan, all things must give way; that the Kaiser as head of the state, can do no wrong if he carries forward the plan of world control. Some of the greatest teachers and preachers even defend and justify her heartless crushing of Belgians and the many other atrocious crimes she has committed in this war. Thank God, our American education reaches both the head and the heart. It is an education that the Germans have fixed. In a word, in Germany, the people are taught that they exist for the government, while here the government exists to serve the people."

"Just wait a minute," interrupted Billie. "Say that over again slowly, so I can write it down."

Uncle Dan, smilingly, complied. "Billie exclaimed: 'Now, we will hand that nut out for Carl to crack. Carl, you know,' continued Billie, 'has a very smart father who keeps him posted on the German arguments. Carl said our government was only an experiment anyway; that it would not last twenty years, and that it might burst up any old time. Jimmie asked him if Germany was so mighty good, why they did not go back there to live.'

"Our government will go on forever, won't it, Uncle Dan?"

"Now," said Uncle Dan, "you are raising a big question, and one that has troubled me for years. Our government is still in the experimental stage; in fact, it is the greatest experiment ever undertaken, and if popular government is to be successful, a few things must be done, otherwise, to paraphrase the great Lincoln, the government of the people, by the people and for the people, will perish. It is my firm conviction," said Uncle Dan, in a very impressive manner, "that if our country is to go on, as we hope and pray, we must very quickly do at least three things, and I will name them in the order of importance as it appears to me:—

"First, adopt compulsory universal military training of all young men physically fit before they reach the age of twenty years."

"Next, require that every foreigner who comes here to live must, within a reasonable time, say a year, declare his intention of becoming an American citizen and take the necessary steps to do so, thereby, from that moment, assuming all the obligations of citizenship of our country, and that means he must defend our flag upon equal terms with our native born, and if he is not willing to do this, he should be sent back from whence he came."

"That's the stuff," exclaimed Billie. "And, finally, enact such legislation as will make voting compulsory. Popular government is based upon the participation of all and the rule of the majority, and democracy cannot continue and be successful unless we live up to the spirit of the institution."

"The first step, however, is the passing of the Chamberlain bill for universal military training. If you will get the leading citizen, and especially the editor of your paper, to write personal letters to your congressman and both senators, urging their support, it will help enormously."

"I see by the morning papers," said Uncle Dan, "that the Rotary clubs of the entire country, the liveliest, most efficient organization to be found, have unanimously decided to get back of the Chamberlain bill and give it loyal and enthusiastic support. They will work with the Universal Military Training league to accomplish this important piece of legislation, which will do more than anything else to make us a real nation with a common viewpoint, bring us back to sane living, and teach us the patriotism of service."

## ENLIST Your Dollars in Your Country's Service

U. S. Bonds, War Savings Stamps, and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equipping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in the behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

PERSONAL

Other Harper is here from Cincinnati.

Edd Jones is here from St. Paul, Ky., to see his mother.

Tyree Gentry was up from Lebanon Junction yesterday.

Tribble Bryant was here from Winchester during the week.

Mrs. Mat Cummins is reported very seriously ill with measles.

Lewis Cooper, who has been in Estill for past several weeks, is at home.

Miss Julia Davis has been very sick for the past week with measles.

Will Burk is at home from Camp Shelby, Mississippi on a ten day furlough.

W. H. Fish and his mother have been with Miss Julia Fish in Lexington since Wednesday.

Dave Craig has been having a hard tussel with the measles for past ten days. He is better now.

Mrs. Geo. Owens has been very sick for the past two weeks at the home of her daughter, Mrs. Henry Daily.

Bentley Sparks, who has a position with the Hup people in Louisville, writes that he is very much pleased with his job.

Little Marie Krueger, youngest child of Mr. and Mrs. August Krueger has been very sick for past week with measles and other complications.

John Lair is at home on a three months furlough. John is a real farmer and this is the reason he is at home. He is looking fine and shows that he has been enjoying good health.

Misses Dessie Niceley, Julia Landrum, Mary Elizabeth Lawrence, Dorothy Albright and Dorris Henderson and John Albright representatives from the Endeavor societies of Christian and Presbyterian churches, chaperoned by Miss Stewart, will leave for Covington today to attend the state convention which meets in that city tomorrow and Sunday.

**APPRECIATES ASSISTANCE.**  
The members of this church owe a debt of lasting gratitude to the people, and especially to the people of Brodhead, for their very great kindness in so liberally giving financial assistance in buying seats for this church. We now have a good church building and splendid seats. We most cordially invite the public to come to our home of worship and join us in thanking the Divine Providence for his watchful care.

**UNION RIDGE CHURCH.**  
**LANGDON MEMORIAL.**  
Owing to the epidemic of measles that has nearly broken up Langdon School, there will be no commencement exercises this year.

On Thursday night, May 16th, at 7:45 o'clock, there will be a musical given by the pupils of Miss Bradley at the Presbyterian church.

On the same afternoon the sewing of the pupils will be on exhibition at the same place. Every precaution is being taken to prevent the spread of the disease, and all are invited to attend.

The management of the Boone Way opera house will present next Monday night May 13th, Clara Kimball Young in "The Rise of Susan." This is "A World Picture" and the manager of the opera house hopes to have a good attendance as he expects to book this service, providing the show goes like the shows. Admission 10 and 15 cts.

C. A. Davis lost a good horse Wednesday.

Tom Ball asks us to say, that the party who took his overcoat some time ago, may have the coat if he will return the knife which was in the pocket.

Miss Dora Vance will be married to Rev. R. L. Sleamaker, of Cecilia, on May 16 8:30 at Upton Methodist Church. All her Rockcastle friends are invited to attend.

T. N. Noe, Gus Staverson and R. L. McFerron were re-elected members of the board of trustees of the Graded school at last Saturday's election. W. G. McBee was elected to fill the place of W. H. Fish who declined re-election.

Mrs. Alfred Bryant died at her home on town branch Sunday morning after an illness of only a few days of fever. Last month a child about five years old died. We join with Mr. Bryant's many friends in extending our sincere sympathy.

Red Cross sale last Monday was a great success considering the short time for making arrangements, advertising etc., after it was decided on Thursday night of last week that such a sale would be had. Judge L. W. Bethurum in a few well chosen words told of the great work of the Red Cross and urged the people to do their part in making the drive for the \$100,000,000 a success.

Judge Bethurum then introduced Judge Will Lewis who spoke briefly of the Red Cross, its origin and mission and the sale started. Auctioneer R. L. Smith mounted the wagon and the report to be found under Red Cross items, tells the spirit in which the people joined in. Rockcastle must raise \$2500 in this drive, and now to you Mr. Business man, professional man, farmer, or whatever you may be, don't think it is not up to you to help. This money has to come. Let's do our part and not expect the other fellow to do for us.

Hon. Don C. Edwards, of London and former Congressman from this district, in a speech here Monday announced himself a candidate for the Republican nomination against Judge J. M. Robison. When Powers quit the race it was thought by many that Judge Robison would not have any opposition. Both candidates are strong men and the fight between them promises to be a lively battle. As every one knows the Eleventh district must have a republican and no matter which one of these gentlemen is elected, we Democrats will feel that the Eleventh district is creditably represented and when something needs looking after at the Capital, no one will call upon some congressman from some other district to look after it. Judge Robison was billed to speak here Monday, but he cheerfully divided time with Mr. Edwards, who hit Judge Robison some pretty heavy blows and the Judge did not hesitate to come back in his reply. If the close of the campaign is as proportionately interesting as the beginning the "good people" will have some interesting entertainment between now and Aug. 3.

FIFTH DISTRICT CONVENTION OF CHRISTIAN CHURCH.

The District Convention of the Fifth District will meet with the Christian church at Mt. Vernon, beginning Monday evening May 13th at 7:30. This district comprises the following counties: Madison-Garrard-Lincoln-Pulaski-Wayne-Rockcastle-Jackson-Laurel-Knox-Whitley-Clay-Bell-and Harlan. We are expecting delegates from all of these counties and from the many Sunday schools and churches in them. These delegates will be with us Monday-Tuesday and Wednesday and we hope that every one in Mt. Vernon will assist in making their visit pleasant. The first session will begin on Monday night at 7:30 and the last session will close on Wednesday afternoon at 3:30. We extend a very cordial invitation to the people of the Baptist and Presbyterian churches to be with us.

H. T. Young, Minister.  
What do you expect to do to help the Red Cross to raise the \$2,500 in Rockcastle? It is up to you not the other fellow.

CIRCUIT COURT.

Circuit Court convened Monday. On account of the absence of Judge B. J. Bethurum, the regular Judge who is now in a sanatorium in Chicago, a special Judge had to be appointed, and Governor Stanley named Judge William Lewis, of London, the favored jurist of the Laurel district to hold this court. Commonwealth's Attorney W. N. Flippin is at his post ably taking care of the states interest.

A small crowd, in fact the smallest crowd seen at the opening of court was witnessed here Monday. The farmers are all busy and not a farmer was seen on the streets who did not have important business. Many who were summoned as jurors did not even show up and many of those who did come asked to be and were excused. The special venire provided for in the statute, was not even empaneled. The following is the list of jurors selected:

GRAND JURY.

John Sigmon, John C. Taylor, John R. Alcorn, Wm. McLarge, G. W. Brown, Lee Ward, John Logsdon, W. T. French, J. C. McGuire, J. B. Childress, D. R. Gentry and W. C. Burdette.

PETIT JURY.

Panel No. 1: J. L. Norton, E. Ballenger, Charlie Lovell, W. H. Carmical, Jarvis J. Brown, B. C. Mink, Eugene Gentry, M. F. Deaton, R. E. Gentry, J. J. Bullock, R. G. Dodd, and Ike Leger.

Panel No. 2: Josiah Meece, T. G. Reynolds, T. J. Minks, J. L. Hasty, Robt. Cox, W. H. Graves, J. R. Bradley, Harrison Ramsey, J. E. Singleton, Harmon Skidmore, S. S. Daily and C. D. Sutton.

About the only business transacted Monday was the selection of the jurors, after which Judge Lewis gave way to Judge Robison, candidate for Congress who was billed to speak and the Hon. D. C. Edwards, former Congressman from this district, who came to Mt. Vernon to make his formal announcement in the race against Judge Robison for the nomination. The Red Cross sale and the speeches consumed the rest of the day. Many cases on the docket had to be continued for the reason that important witnesses are in the army. The following cases were tried Tuesday and Wednesday:

Casper D. Mullins, concealed weapons \$50, ten days in jail and two years disfranchisement; Dewey Robinson, Bradley and Lester Leger, each fined \$10 for breach of the peace; Abe Ballinger, Henry W. Mason, Bradley Leger, Henry R. Mason, Dike Leger, Joe Thompson, Sherman Richmond, Leslie Clifford, Sam Mason, Henry Clark, Al Moore, John Gill, G. Clark, Robert Leger, John Baker, Frank Leger, Lester Leger and Dock Hines, each fined \$20 and the cost for gaming; Lester Coffey 1 cent and the cost for flourishing a pistol; William Wren \$50 and cost for gaming; J. B. Noe \$25 breach of the peace and John Soard \$50 and cost for breach of the peace.

The case of Emmett Gentry, charged with murder in the killing of Joel Suttles was called and both sides announced ready. The following jury is trying the case: W. N. Rice, Chas. Anderson, R. G. Shearer, Johnathan Wynn, James Isaacs, Nack Isaacs, James Parsons, Robert Ambros, J. W. McCollum, John Brock, John W. Richmond, E. L. Saylor. Judge S. D. Lewis who while a member of the firm of Bethurum & Lewis was employed by the defense, is assisting Judge L. W. Bethurum and Atty W. H. Krueger and Ashley Owens are assisting Commonwealth's Attorney W. N. Flippin in the prosecution. The case will go to the jury today.

COUNCIL OF NATIONAL DEFENSE

It has been said around town that there was enough food wasted at Camp Taylor each day, to feed Rockcastle county. This remark was made with the assertion that the speaker had personal knowledge of it. This is not only not true but has had effect on the economy campaign.

Such statements must be stopped or parties making them will be called on for the proof. Such a waste would make the camp so unsanitary that soldiers could not live there.

The Government is not standing for such waste and impressions of that kind are not permissible in times of war.

It is now time to look out for Threshing Machines sufficient to insure no waste of crops and such machines as will not lose grain in threshing. The Food Administration and Council of Defense will not allow waste of wheat by the use of old worn out machines, although machinery is high priced. Wheat, buckwheat and oats are high, and it will pay men to buy good new threshers and orders must be placed early.

If our potato crop is sufficient for the demands there must be some second crop planting. Early planting in the country was light and the stand is bad.

CAUSE OF HEADACHE.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

The Greatest Mother in all the World

STRETCHING forth her hands to all in need; knowing no favorite, yet favoring all.

Ready and eager to give first aid to the wounded. Helping the little home that's crushed beneath an iron hand by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.

Seeing all things with a mother's sixth sense that's blind to jealousy and meanness.

Reaching out her hands across the sea to No Man's Land to comfort thousands who must stand and wait in stanch and crawling holes and water-soaked entrenchments.

She's cheering thousands, feeding thousands, healing thousands from her store; the Greatest Mother in all the World—the RED CROSS. Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and September.

What Will You Do To Help?  
Red Cross 2nd War Fund May 20-27

\$100,000,000 must be raised in America

Every cent given to Red Cross War Fund goes for War Relief.  
The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.  
It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.  
It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war. Congress authorizes it. President Wilson heads it. The War Department audits its accounts. Your Army, your Navy, and your Allies enthusiastically endorse it. Twenty-two million Americans have joined it.

## The "Green Seal'd" Home

Cottage, Bungalow, and great mansion—all alike need Hanna's Green Seal Paint occasionally. A home may be ever so costly, and of pleasing architecture, but it must be kept cleanly painted at all times to really be considered attractive.

Using Hanna's Green Seal Paint is not so much an expense as an investment. It pays back a good deal more than it costs—in protecting property, in beautifying it, and in its satisfactory service.

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:  
"From the time I entered into womanhood... I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

## CARDUI The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but I can truthfully say that I have not a pain."  
"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

## J. C. McCLARY

UNDERTAKER and EMBALMER  
STANFORD, KY.

## WANTED.

Coal miners and other kinds of laborers in Harlan county, Ky. As we know there is a great shortage of laborers just now all over our country on account of our great war which we are going to win. We would first advise everybody that can farm to do so, but if there is any one out of a job, we would be glad to give them work and good pay for it. The lowest wages paid for man labor inside the mines in Harlan county are \$3.10 up to \$4.40 for eight hours work for day laborers, and very easy for coal loaders to make from \$6.00 to \$10.00 per day. There will be a man at Mt. Vernon Hotel all day Sunday, May 12th, with means to furnish to any one for the purpose of moving families and transporting labor to Harlan county, that is out of employment and are seeking good money for their work. Can locate you right in Harlan town where there are good schools and fine water and good houses and the town is well equipped for most any kind of pass time you are looking for. If you are interested in a job call at Mt. Vernon Hotel, May 12th, and see agent.
